## **PART D**

### **METHOD OF ASSESSMENT LANDSCAPING AND LIGHTING MAINTENANCE ASSESSMENT DISTRICT NO. 98-1**

All parcels in the District on which residential dwelling will be constructed specially benefit from the improvements to an equivalent extent. These parcels are therefore assessed on a per lot basis for the maintenance and operation of the Landscaping and Lighting Maintenance assessment District No. 98-1, including incidentals and appurtenances, and shall include all the costs of maintenance and/or operating the improvements.

Due to the location of the improvements within the District and the relative geographic isolation of the district within the City, the general benefit derived from the improvements is minimal and is determined to be less than 10% of the total benefit resulting therefrom. The current owner of all of the parcels within the District made a one time cash contribution in the amount of \$31,252.00, the value of which over time will exceed the proportional general benefit resulting from the improvements.

The Assessments shown in this Engineer's Report are the amount for Fiscal Year 2002-2003. These amounts shall increase in the U.S. Department of Labor, Bureau of Labor Statistics, Consumer Price Indexes, Pacific Cities and U.S. City Average, San Francisco-Oakland-San Jose from April 1, 1998 to April 1 of the year following the year of assessment.

Any properly owner who feels that the amount of their assessment is in error as a result of incorrect information being used to apply the foregoing method of spread, may file an appeal with the Finance Director of the City. Any such appeal is limited to correction of an assessment during the then current year or, if before July 1, the upcoming fiscal year. Upon the filing of any such appeal, the Finance Director shall promptly review the information provided by the property owner and if he finds that the assessment should be modified, he shall have the authority to make appropriate changes in the assessment roll. If any such changes are approved after the assessment roll has been filed with the County for collection, the Finance Director is authorized to refund to the property owner the amount of any approved reduction.
